Delicious, thick, tasty and very warming. Now only a blanket, a book, a cup of hot chocolate and frost outside the window and the lonely Valentine's day will not be terrible.

Cut chocolate into smaller pieces, take a chilli roll, cut a small piece out.

## Valentine's Day in the United Kingdom

---

People with romantic feelings for a particular person may send that person cards, gifts and text messages on Valentine's Day. Popular gifts include chocolates and flowers. Anonymously. In the United Kingdom (UK) many of them are sent anonymously.

Valentine's Day is an occasion for people in the United Kingdom to express feelings of romantic love. It falls on February 14 each year.

## What Do People Do?

Many people send Valentine's Day cards, gifts or text messages to their partner or somebody for whom they have romantic feelings. Cards and gifts are traditionally sent anonymously in the UK, even if they are from a partner or spouse. Popular Valentine's Day gifts include:

- Chocolates and other types of candies.
- Red roses or bunches of flowers.
- Champagne or other sparkling wines.
- Electronic gadgets or accessories, including USB sticks and skins for laptops, net books and mobile phones.
- A surprise meal in a restaurant or a night in a hotel.
- A short break in the United Kingdom or abroad.

Children, parents and other relatives send exchange Valentine's Day cards in some families. Groups of female friends may also send each other Valentine's Day cards. However, these customs are less common in the United Kingdom than in some other countries.

Many couples try to eat a special meal with each other. They may do this in a restaurant, hotel room or at home. Some opt for food and drink with oysters, chocolate fondue, strawberries and champagne. Others choose less formal, but easily prepared dishes.

## Public Life

February 14 is not a public holiday in the UK. Restaurants and hotels may be especially busy in the evening of Valentine's Day and weekends close to this date. People traveling in the UK may find it useful to make restaurant and hotel reservations in advance. Reservations for weddings at registry offices and in hotels and churches on February 14 may need to be made a year or more in advance.

## Have you heard about John Flanagan and his books?

I think so. But if you haven't, you must have heard about „Ranger's Apprentice” („Zwiadowcy”). This is a series of 14 books about Will, Horace, Halt and lot of their friends. We could include „Ranger's Apprentice” to adventurous or fantasy books but without magic. Only in the first and the second part we meet extreme characters. What is this series about? Will is an orphan. He is rather short, slim and unnoticeable. He wants to join the knight's school but he can't. He is too slim. He is depressed and doesn't know

what he should do then. But there is one person who is interested in him – Halt. He invites him to join an amazing group of people. Everybody

is scared of them but Will decides to join them. And what happens then? You must read. The subject of love is not missing, fights, deaths and of course friends and adventures are present.

I recommend this series to everybody who wants to have a fantastic adventure with a book and I promise you will not be able to get away from it for hours. **REMEMBER!** Keep calm and trust the cloak!

## The Guards of the Galaxy vol. 2

Who is your favourite character in „The Guards of the Galaxy vol. 2” and why is it Baby-Groot? Yeah, Baby-Groot is a really adorable little moving tree. In fact, the first of his type. A lot of people, like me, went to the cinema just to see this cute personage. But the film was very exciting and no one could have expected what had happened there. The director shows us a new face of old characters and many new personages in the second part. They surprised the viewer the most. We weren't also prepared to see that face of Nebula and Jondu.. they are awesome!

Personally, I think the most excellent thing in this production was the soundtrack. A lot of music from 60. and 70. That is what I like the most! "The Guards of the Galaxy vol. 2" compared to the single are like "Indiana Jones and the Temple of Doom" by "The Lost Ark". It's still a light-hearted entertaining cinema, but more suicidal in risky jokes and darkness piercing from a fabulously colourful vision of the cosmos.
